

Community Chest Drive Nears Finish

"I'm confident we'll finish the drive up next week," says Col. Eugene Manning, co-chairman of the 1948 Community Chest campaign in Washington Township.

Col. Manning reports that Irvington has completed its canvass and will come out about 12 percent under their 1947 figures. Mission San Jose is also finished and met their total of last year.

Top honors go to the Alviso district which stepped out ahead of its neighboring communities to end its collections last week with approximately a 70 percent increase.

Alvarado and Niles are about three-quarters through their campaign, with collection figures in definite in both cases. Along with Decoto and Newark, they expect to wind up their efforts by Wednesday of next week, at which time total figures for the township and a breakdown by individual towns will be available.

Warm Springs was the only town in the area not canvassed for this year's Community Chest drive due to a lack of volunteer workers.

Funeral services were held Thursday at the Chapel of the Palms in Centerville, with closing services at the California Crematorium in Oakland.

NILES CHAMBER ASKS USE PERMITS FOR GRAVEL HOLES

The Niles Chamber of Commerce voted Tuesday to ask the Alameda County Board of Supervisors to amend the county zoning ordinance to require use permits for new gravel excavations.

Presently before the board is a petition signed at the last zoning meeting in Niles, the petition asking that use permits be required under the ordinance as written at present. The district attorney's office is now studying the ordinance to determine if this is possible.

HEARINGS REQUESTED

Tuesday's action asking amendment was taken by the Chamber because of doubt that the zoning ordinance as it stands can require use permits. The Chamber also asked that a public hearing be held on each request for permit.

The issue of limiting gravel operations in the Niles area came to a head last month when test holes were being dug near the Ellsworth Tract by a gravel company. Residents of the area feared that gravel excavation would deteriorate the value of their home properties.

PRECINCTS CONFUSED

Confusion in assignment of voters to various precincts was pointed out at Tuesday's meeting by Dr. T. C. Wilson. In a great many cases, voters here are required to go to distant polls, sometimes various members of the same family voting in different precincts.

When advised of this situation, Supervisor Chester E. Stanley said that the county clerk's office should be told of this circumstance and asked to make corrections.

COUNTY INSPECTOR HAS OFFICE HERE

An announcement comes from County Supervisor Chester Stanley this week to the effect that the building inspector will hold offices in both Niles and Centerville every Tuesday, thus saving many people the necessity of going to the Hayward office.

The inspector will be at the Niles justice court from 11 to noon, and at the Centerville justice court from two to three every Tuesday. He will work out of the Hayward office as usual.

BOY SCOUT TROOP HAS DAY OF FOOD AND FUN

Boy Scouts of troop 2 of Niles had an exciting day last Saturday. A three-hour hike in the beautiful Stonybrook canyon, under the leadership of their Scoutmaster Tom Robbins, was climaxed with a barbecue supper at the Robbins' patio. The boys went home tired but happy.

FOOD SALE IN NILES TOMORROW MORNING

The Catholic Women's Guild of Niles is announcing that a food sale will be held this Saturday morning, November 6, from 10 to noon. The sale will be held in the offices of Mrs. J. A. Silva, next to the post office.

SCHOOL CLASSES FOR TRUMAN TOO!

Perhaps the students in Miss Lois Nicholson's social science classes at Washington Union High School had an inside track on the way the political wind was blowing. Then again they may be a typical cross section of our voting populace.

In any event, Miss Nicholson's five classes took part in a presidential election at the same time that their elders were going to the polls. They divided the 156 students in the group and allotted 42 electoral votes to them. They took part in a discussion of both major party platforms, studied the sample ballot, and even scrutinized each of California's 19 propositions.

The result? President Harry S. Truman a 2-to-1 favorite over Governor Thomas E. Dewey, and Wallace trailing with a one percent tally.

rites Held For MARY C. BELSHAW

A native daughter of Washington Township, and a prominent resident of Centerville for her entire life, Mrs. Mary C. Belshaw, 78, died on Sunday. She had been a member of the Alvarado Council S.P.R.S.I. for many years.

Long recognized for her active part in Centerville church work, Mrs. Belshaw was the widow of the late Joseph P. Belshaw. She is survived by a daughter, Margaret Furiado, of Newark, and three sons, Manuel Belshaw of Mountain View, Joseph Belshaw from Niles and Arthur Belshaw of Centerville.

Other remaining relatives of Mrs. Belshaw are two sisters, Rita Soito of Newark and Anna Silva of Centerville, and a brother, Joseph Rose of San Leandro.

Funeral services were conducted Wednesday morning from the Berge Mortuary Company parlors in Niles, followed by a mass for the repose of her soul at the Holy Ghost Church in Centerville. Interment was at the Holy Ghost Cemetery. A rosary was recited on Tuesday evening in the Berge Mortuary Parlors.

SUGAR MAKING IS ROTARY SUBJECT

"Eighty Campaigns of Beet Sugar Making" was the subject of a talk by "Mick" Rakekin, superintendent of the Holly Sugar Company plant at Alvarado, before the Niles Rotary Club.

The talk was sponsored by the Vocational Service Committee in the interest of developing a better understanding of the economic life of the township and the manner in which Rotarians discharge their responsibilities to their vocation.

Keith Whipple was chairman of the day.

HOBBY SECTION MEETS NEXT TUESDAY EVENING

The Hobby Section of the County Club will hold its regular monthly meeting next Tuesday, November 9, at the home of Mrs. John Stevenson in Centerville. Co-hostess for the evening is Mrs. Kenneth Berg.

TOWNSHIP TO HEAR FAMED PIANIST ON NOVEMBER 10

Those who purchased memberships to the Washington Township Concert Series are looking forward with considerable anticipation to the night of November 10, for at that time they will hear the first concert to be given in the series. The artist is Jorge Bolet, brilliant Cuban pianist, who will perform in the auditorium of the Washington Union High School. Those who miss his performance here, may, if they wish, hear him the following night at the Livermore High School, for he has also been engaged by the Livermore Community Concerts.

Bolet, who served in his own country's army and then in the army of the United States, has appeared at Carnegie Hall where he was received with the greatest acclaim.

Some of the press reviews on Bolet are as follows:

"A sensitive musician with the ease of a master."
—Ross Parmenter, New York Times

"This tall young man with fingers of steel captured the audience at once."
—Alice Eversman, Washington (D.C.) Evening Star

"The audience knew he was a master the moment he touched the keys."
—Edwin H. Schloss, Philadelphia Record

"Tall, dark and handsome (judging from his pictures), he will undoubtedly meet with the approval of his audience in Washington Township—especially the feminine contingent."
—Vivian Batman, Township Register, Niles.

1948 SCOUT RODEO WILL BE NOV. 16

Attention, all Boy Scouts! Don't make any plans for Tuesday night, November 16. Why? Because you wouldn't want to miss the gigantic 1948 Scout Rodeo for Washington Township that will start at 7:30 that evening in the Washington Union High School gym.

As the culmination of the 1948 Roundup this event gives evidence of being the biggest scouting project on the calendar this year, and all Boy Scout troops in the township will participate. Parents and interested friends of the boys will have an excellent opportunity to observe the skills and prowess of these young men.

Tickets are now being distributed among the various troops to be given to families and friends. The troop having the greatest number of visitors will receive a special attendance pennant.

Special events planned for the Scout Rodeo include a first aid demonstration, an "undressing race," communication trials with wig-wag flags, a knot-tying contest, a comedy feature, fire-building events, and a troop yell competition.

A welcome address will be given by Judge Allen G. Norris of Centerville, president of the Oakland Area Council of the Boy Scouts of America. Reverend Don Kirkbride, pastor of the Niles Congregational Church, will also speak before the scouts and their guests.

At the conclusion of the evening's program, a cup will be presented to the troop compiling the highest score in the various competitions, with pennants for the groups in second and third place. Streamers will be given to all troops that have submitted Roundup score sheets.

Members of the adult committee in charge of arranging the Scout Rodeo are Fred Duffie, Phil Sousa, Bill Short, Richard Texera, Orin Dunbar, Tom Robbins and Pat Luna.

Following the lunch hour at school today (Friday) the Girl Scouts and Brownies will be excused from classes to take part in the program of games, community singing and refreshments planned for the afternoon.

Rev. Don Kirkbride of the Niles Congregational Church will be master of ceremonies for the scouting event which will take place at the Scout Hut on the grounds of the Niles Grammar School.

Andrade Case Court Decision Is Reversed

CENTERVILLE C. C. ASKS LIGHTS FOR INTERSECTIONS

Seriousness of the drainage problem at the corner of Thornton avenue and Main street in Centerville and on the highway opposite the elementary school, was pointed out at Wednesday's regular meeting of the Chamber of Commerce, Secretary Ralph Goodwin was asked to inquire of the State Division of Highways regarding correction of the problem. The Chamber also voted to ask the county for street lights at the corner of Thornton and Elm, Stevens and Hansen, and at Mt. Vernon and Santos.

Opposition to the formation of an urban planning commission, suggested by the Oakland Chamber of Commerce, and by the Associated Chambers of Commerce of Alameda County, was expressed at the meeting. The function of such an urban commission would be to superimpose an overall zoning plan covering the entire county. The Chamber considers that zoning is being conducted properly now under the Alameda County Planning Commission.

CALHOUN NEW CLERK IN NILES POST OFFICE

Employment of Wayne R. Calhoun to the position of substitute clerk in the Niles post office was announced this week by Postmaster Edward E. Enos. Calhoun will replace Mrs. Glenn Morehead (formerly Genevieve Smith), who has gone to Wisconsin.

Calhoun, 21, is a graduate of Washington Union High School and an ex-serviceman. He is the son of Mr. and Mrs. Reginald Calhoun of Niles.

NILES MAN INVENTS INGENUOUS 'SYSTEM'

Reynaldo Castro Pulido, 40, a temporary resident on Vallejo street, Niles, has discovered an ingenious and novel way of carrying packages of meat out of a market.

His discovery involves no time or trouble for the clerks. The clerks neither have to wrap up the packages of meat—which is, as you can see, quite a time-saver—nor do they have to become involved in all the arduous details of making change or ringing sales up on their cash registers. For Mr. Pulido's system, as we shall explain, is completely streamlined and eliminates all of these tedious chores.

Stated simply, this is his method: You just walk casually around a market where the meat is sold on the self-help basis (Mr. Pulido prefers the Niles Super Market, because of the extreme ease with which the meat may be apprehended). You select your meat—and you may as well choose the expensive cuts such as steak—and

chops while you're about it—then you carefully slip the packages of meat under your sweater or T-shirt.

This may seem a little bulky, and the meat may chill you slightly, but simply disregard these temporary inconveniences, and wear plenty of warm underwear to ward off the chill of the meat. Then, without further adieu, you walk nonchalantly out of the meat market. And—voilà! There you are, with your meat. No money involved; no time wasted waiting for a clerk to check you out.

Of course, there's one thing that you have to consider. There's apt to be a deputy sheriff like Henry Vervais waiting for you to come out. And, furthermore, you're apt to find yourself in a room—without bath at that well-known hostel, the county jail.

If you're without bail—which unfortunate circumstance happened to Mr. Pulido—you're very likely to find yourself an indefinite un-

Reversal of a Superior Court decision which enjoined Rafael Andrade, Niles war veteran, from living in his home in Canyon Heights was made last month by the District Court of Appeals, according to Judge Allen G. Norris and LeRoy Broun, attorneys representing Andrade.

While the case was on appeal, however, Andrade has changed his residence because of a change in employment and no longer occupies the house.

The matter was brought into Superior Court by residents of Canyon Heights two years ago when Andrade bought a home there. The Canyon Heights subdivision contained a deed restriction against persons of Mexican race.

Veterans organizations supported Andrade in his court fight to establish his right to live in his home.

However, the Superior Court ruled on the basis of precedent that he must observe the restriction.

Reversal by the District Court of Appeals was based on a Supreme Court decision which ruled race restrictions unconstitutional.

At 4:30, Dr. Ralph Hyslop, a professor at the Pacific School of Religion, will address the assembled young men and women.

LET'S WORK TOGETHER

The election is over. The people again have spoken decisively. And their choice is President Harry Truman.

It is now up to all of us Americans to put behind us the quarrels of the campaign. We must meet approaching problems not as Democrats or Republicans or Progressives but as Americans.

President Truman's policies of the past no doubt will be continued through his approaching four-year second term. Now he will have a Democratic Congress with which to work out the changes and modifications in his policies which are always necessary in the administration of human affairs. He can't blame the Republicans any more. Upon the Democratic party, henceforth in control of Congress too, rests a heavy burden of responsibility.

The next four years will be among the most momentous in our history. The people have chosen the men who they feel are the best qualified to hold the helm during that time.

Victory by the Democrats does not mean that the Republicans will ease their pressure for more efficiency and economy in government. And President Truman will realize that his success at the polls was not a landslide.

PRIMARY MOTHERS AND TEACHERS ATTEND

"I understand Johnnie's reading problem much better now" . . . "Betty will progress faster now that her mother and I have talked her work over" . . . "Let's get together more often" . . . these were just a few of the comments made following a meeting recently of Irvington Elementary School first grade teachers, Mrs. Willie Lee Williams and Mrs. Neva Pennington with the mothers of their pupils.

Starting out as a get-acquainted gathering to honor Mrs. Blume, visiting Alameda County school supervisor, the afternoon discussion became so interesting that it has been decided to hold regular meetings of the group at least once every six weeks.

Mrs. Blume gave an informal talk to the mothers on "Reading Readiness" and the reading program in the beginning grades of California's elementary schools.

She stressed the fact that parents must acknowledge that children mature at different rates; for example, one child in a family may speak several words clearly in its second year, while another will only utter baby "double-talk" far into its third year. Thus, in learning to read, one student will catch on quickly and progress rapidly, and the next one will seemingly lag behind.

Parents should not expect too much, was the advice of Mrs. Blume, since pushing or nagging at a child about reading may develop an intense dislike of learning to read. Psychological "blocks" in later years against reading can be traced, she believes, to over-anxious urging at home.

Concluding her interesting and informative talk, Mrs. Blume stated that 20 minutes is the longest period that parents

should work with a first grade child on reading homework. Younger children tire easily of concentrated effort and mistakes become unavoidable for the most progressive student.

Other classroom problems will be discussed by the Irvington first grade teachers and mothers at their future meetings.

COUNTY CLINIC BEING STUDIED

"Alameda County venereal disease clinic has been selected for study by state specialist," according to a statement from Dr. James C. Malcolm, health officer. "Miss Louise Erickson, consultant in venereal disease nursing programs for the California State Department of Health, is spending two weeks in the Alameda County clinic in order to secure first-hand understanding of the operation of a new program in a local community."

Recent scientific discoveries have made possible new procedures and educational programs for venereal disease control. The new Alameda County clinic has been set up to incorporate the latest knowledge available. It has been planned as an aid to private physicians in diagnosis of disease. Patients are referred back to their own physician for treatment. Limited treatment facilities are available for those who cannot afford care.

Diagnosis clinics are held in the Health Department building in San Leandro at 576 Callan avenue, from 5 to 7 p.m., Monday through Friday, for residents of Southern Alameda County.

CHARLES RUGGLES AT GEARY THEATER

Charlie Ruggles and Mary Boland are re-united again! Beginning Monday, November 8, the beloved comedians of stage and screen will be co-starred in "One Fine Day," the new comedy by Hugh White, at the Geary Theater. The local engagement will be limited to two weeks. Matinees will be given Wednesday and Saturday.

"One Fine Day" is a lively comedy, tailor-made for the talents and temperaments of Charlie Ruggles and Mary Boland. The latter are integral members of a family residing in Kansas, circa 1912, when a thorny skeleton bone is unearthed in their backyard—and like the buried bone itself, their own Stygian secrets are unfurled in what turns out to be an effervescent and intriguing expose—replete with laughs, gaiety and sparkling surprises. A home-spun comedy, "One Fine Day" concerns the trials and tribulations that could beset any family residing anywhere under the stars and stripes.

Mr. Ruggles and Miss Boland are supported by an imposing cast numbering Wallis Clark, who played the title role in "Life With Father" on Broadway, Gordon Rhodes, last seen in "I Remember Mama," Shirley Davis, Robert Knapp, and Hank Clark.

Staged by Paul Guilfoyle, the comedy will be presented by Gail Gifford and Nat Perrin.

And to think I stood in line for 45 minutes the other night at the Warren rally in Oakland to shake hands with the man I was sure would be the vice-president! All the time that I was suffering the tortures of the mobbed—such as rib-jammings, bruised shins, and assorted breaths including wine, garlic, and onion, I kept consoling myself with "Well, what does it matter if I suffer all of the indignities? It will probably be the only chance I'll ever have to shake hands with a vice-president."

Then came the revelation.

The best thing about the Warren rally was the dancing of the hulu by County Supervisor Harry Bartell, with Hilo Hattie instructing him. On a platform before a crowd of thousands, he really rolled them in the aisles.

After that I went to sleep.

The results of the survey were not made known. Ed Enos, Niles postmaster, says, however, that he is being bombarded with questions, and with many and varied suggestions. But he disclaims any knowledge of the proceedings, saying, "I have nothing at all to say about the location. It is out of my hands."

Through the grapevine we hear, though, that the sites have been boiled down to two. We'll let you guess where! One thing is for sure—the new post office should be ready by next May.

The announcement was made at a large tea held at the Vallejo home of Mrs. Robert McDonald, a friend of the betrothed girl.

Miss Rule, a graduate of the Berkeley university in the College of Pharmacy, is presently employed at Merriitt Hospital.

Mr. Whitaker, also a graduate in the College of Pharmacy, is in the pharmacy business in Niles with his father.

No definite date has been set, although tentative plans call for a spring wedding.

Mr. and Mrs. Howard Overacker hosted a Halloween dinner party last Saturday night at their home in Mission San Jose for several of their friends. The affair, a costume party, proved to be a hilarious success. The guests included the Bergs, Mr. and Mrs. Clark Raedeker, the Kenneth Posters, Mr. and Mrs. Fred Melhase and Mr. and Mrs. George Coefield.

Localites Attend USC-Cal Game at Los Angeles

Motoring down to Los Angeles last week to watch the defeat of U.S.C. by Cal was Mrs. Bessie Borghi and her son, Frank, of Decoto. They had a better-than-usual reason for attending the game for another son, Henry (Hank) played right tackle in the fracas for Cal.

TUCSON GIRL MARRIES HENRY DOBYNS OF NILES IN ARIZONA CEREMONY

Miss Zipporah Herrick Pottenger, daughter of Mr. and Mrs. W. A. Pottenger of Tucson and Chicago, and Mr. Henry F. Dobyns, son of Mrs. H. F. Dobyns of Niles, were united in marriage at St. Philips in the Hills Episcopal Church in Tucson, Arizona, last Saturday afternoon at 4 p.m.

The Rev. Leon N. Laylor, Episcopal student chaplain of the University of Arizona, read the rites at the formal double ring ceremony.

Mr. Henry Hubbard, choir soloist at St. Philips, sang "Panis Angelicus" by Cesare Franck, and "The Lord's Prayer," accompanied by Mr. Andrew Buchhauser, St. Philips organist, who played traditional wedding music.

Wearing a white formal gown of imported Belgian lace and marquisette with a fingertip veil edged in matching lace, held in place by a tiara, the bride was given in marriage by her father. She carried a bouquet of white carnations and bouvardia with a centered gardenia corsage.

Flying from Denver where she attends Denver University, the maid of honor, Miss Beverly Spies of Wilmette, Illinois, was met in Phoenix, Arizona, by her fiancé, William Pottenger Jr., best man and brother of the bride. The bride's brother, James, also acted as an usher.

The bride's mother selected a turquoise dinner gown trimmed with silver sequins, and silver accessories. The groom's mother chose a grey dinner gown with

pink accessories. The bride's grandmother wore a royal purple dinner gown with white accessories. The three ladies wore gardenia corsages.

A reception was held immediately following the ceremony in the patio of the Tucson home of the bride's parents. Covered with a lace cloth, the bridal table carried out the turquoise and pink color scheme with its flower arrangements, cake frosting, and matching mints. The five-tiered wedding cake was decorated with white roses edged in pink with turquoise stems and leaves. Friends of the bride assisting with the serving and guest book included Misses Beverly Bates, Lucille Buterworth, Frances Worman, Carol Nolte, Margaret Peterson, and June Johnson.

Out of town guests attending the wedding and reception included Mrs. A. W. Boardman of Pasadena, and Mr. and Mrs. Craig Pottenger of Nogales, Arizona.

After the reception the bride and groom left on a wedding trip in Mexico, the bride wearing a grey wool suit and hat with gardenia corsage. The couple will make their home in Niles following their return from Mexico.

The bride is a graduate of the University of Chicago, and a member of Phi Beta Kappa scholastic honorary. She has been pursuing graduate studies at the University of Arizona. The groom completed his studies at the U. of A. this summer, and was recently elected to Phi Kappa Phi honorary.

By LOIS BOTTENBERG

On Sunday the front room in the lovely country home of Mrs. Marie Egan on the road to Livermore was gaily decorated in pink and white chrysanthemums and a sweet bride and happy groom in miniature graced the table where friends and relatives placed their gifts for a miscellaneous shower which was given in honor of Miss Alice Butler of Sunol, who on Sunday, November 7, will become the bride of Mr. Joseph Athenour, nephew of the Egans. They will be married at St. Augustine Church in Pleasanton. Miss Rosalyn Egan and sister, Mae O'Loughlin, were assistant hostesses along with Mrs. Egan for the affair.

Refreshments of sandwiches, cake and coffee were served the guests as follows: Mrs. Bonnie of Alameda, Mrs. Tietes and daughter Mildred of Alameda, Mrs. Hazel and Mrs. Betty Roraback of Sunol, Mrs. Margaret Athenour, mother of the bride, and Mrs. Butler, mother of the bride-to-be, both of Sunol; Mrs. Marie McIvor and Mrs. Marie Endight of the Mission, Mrs. Minnie Woodward of Niles, Mrs. Frances Mendoza and Mrs. Annie Silva of Sunol, Mrs. Hartman of Pleasanton, Miss Rose Athenour of Berkeley, and Mrs. Eulalie Chaix of Oakland.

Election Night Brings Headaches

Duck Barbecue At Decoto Home

Ever been to a duck barbecue?

Mr. and Mrs. James Gonzales of Decoto gathered their friends together last Monday evening to tackle 40 ducks. Fred, Frank and Pete Sanchez, brothers of Mrs. Gonzales, were the lucky hunters, and made their record "haul" near Willows.

Attending the feast were Mr. and Mrs. Fred Sanchez with their children, Freddie, Rita and Evelyn; Mr. and Mrs. Frank Sanchez, Mr. and Mrs. John Nevis and son; Mr. and Mrs. July Delgado and their son; and daughter; Mr. and Mr. T. Sanchez, and the Gonzales children, Betty, Rosemarie and Linda.

Mr. Ted Harvey, popular Alvarado rancher, surprised his many friends in the township last weekend by taking a bride. He was married last Friday evening, October 29, at nine p.m. to the former Mrs. Margo Burns of Oakland, at a ceremony performed at a minister's home in Minden, Nevada.

The new Mrs. Harvey is the mother of two children, Lewis, 13, and Carol, 8. Mr. Harvey, the father of three children, met his bride a few months ago. Though she is a stranger to the township, she has fallen in love with this part of the county and is sure that she is "going to enjoy living here immensely."

Huskies Swamp San Jose Tech; Climb to 2nd Place

A favored Washington varsity captained by Ray Bettencourt at guard, defeated San Jose Technical High last Friday night on the local gridiron, by a score of 33-7. Winning their fourth victory in five starts this season, the Huskies remain in a tie with Fremont for second place in the Santa Clara Valley Athletic League race, while Santa Clara goes on undefeated at the top of the league standings.

The first Washington tally came early in the second quarter, after threatening twice in the first, when Recend, at left-half, went off-tackle through the left side of the Tiger's line for 8 yards and 6 points, to start the home machine rolling. Day's attempted conversion by placement was good.

Midway in the game another threat was stopped by the Tech eleven after a 45-yard flight through the air on 6 plays. The Huskie drive was halted 5 yards short of the goal line and 3 yards short of a first down.

TIGERS OUTPLAYED

The Tigers took over, going off-tackle 3, then completing a pass good for 22 yards. Again they passed only to have it intercepted on their own 42-yard line by Les Kious.

With nice power running and the aid of beautiful downfield blocking, he carried the mail straight down the sidelines to make the score 13-0. Day's attempted conversion was wide.

So ended the first half—with an out-weighted and out-classed San Jose team trailing 13-0.

One of the outstanding thrills of the game came on the opening kick-off in the second half. Washington's tricky running Joe Sankene took the ball on his own 20-yard line; running, twisting, and following excellent downfield blocking, he carried the kick back 65 yards to the Tech 15-yard line, where he was pulled down from the rear.

THIRD TOUCHDOWN

Brownlee took it for 9 yards around Tech's right end. Recend, going off-tackle, scored the third touchdown of the evening for Washington and his second. Day's attempted conversion was wide.

The fourth tally of the evening was set up on another interception by Kious. Taking it on the Tech

30, he carried it to the 13. Bernie Day, when shifted from guard to full, made a convincing showing when in four plays he powered his 225 pounds over the middle from the 13-yard line to score. He made his own conversion, making the score 26-0.

RESERVES TAKE OVER

From this point on the Washington reserves took over. San Jose Tech then began the march to their only touchdown.

Taking the ball on their own 21, they made six first downs and their only touchdown, going over the middle to score with the fourth quarter but two minutes old. They stayed on the ground to make the conversion.

The final touchdown was scored three minutes before the game was over. Jack Bribes, at fullback, connected with Dick Brownlee on a beautiful 20-yard pass. Brownlee took it on the 25 and outran two Tech men to score. Sankene converted.

The Huskies looked good, but still they have yet to play the kind of ball of which they are capable. Their lack of punch in the first quarter was due probably to the new formation with which the coaches were experimenting. Defensive line play was good, especially in the first half. Lewis, Recend and Brownlee in the backfield all looked good. Sankene was the outstanding back of the evening though, averaging 5.3 yards on 14 carries. Kious made the most impressive showing of the backs on defense.

Day was the outstanding line-man of the evening and did a very good job on kick-offs, averaging 45 yards on six kicks. Bettencourt looked good at his guard post along with Runolfson at tackle.

130's IN EASY WIN OVER BELLARMINE

The Washington 130's, captained by Leonard Salvador, again set the pace for the varsity, defeating a fair Bellarmine lightweight team from San Jose by a score of 13-0.

The first half was decidedly the Puppies, but were held scoreless. The second half told a more convincing story. Midway in the third quarter, Pagan, at fullback, went over on a line buck from the one to score. Salvador kicked the extra point to make the score 7-0.

Early in the fourth period Yukio Hisaoka went off-tackle from the three to score the second and last touchdown. Nieve's attempted conversion was blocked.

Right End Miller was by far the outstanding defensive player of the night, while Sabio Elizarray looked very good at half. The Washington Varsity and B

SHOOT SUNDAY FOR NILES SPORTSMEN

The Niles Sportsmen's Club turkey shoot will be held Sunday, Nov. 7, at the club's range on the Niles-Mission San Jose highway.

There will be contests in the trap, large bore, and 22 categories, according to President Ernie Frick. A large committee has been making preparations under the chairmanship of Clarence Musgrove. Number of turkey prizes is unlimited. Entertainment facilities will be plentiful.

The competition will start at 10 a.m. and last until 5 p.m.

Serving with Chairman Musgrove in conducting the shoot will be: Joe Pine, Joe Rose, Rudy Silveira, George Bonde Jr., Douglas Mayock, Joe Dooley, Jack Soito, Clarence Pine, Bill Chivers, L. L. Lewis, Richard Davis, Angelo Maringo, Curtis Pyle and Lawrence Bunting.

On the evening preceding the shoot, an installation dinner and dance will be held for the sportsmen and their wives at the International Kitchen.

teams again play host this evening to the Mountain View eleven.

This Varsity game, until last Friday, had not been given much thought, but it suddenly came to the front when Mt. View Eagles scored an impressive upset victory over Los Gatos 19-15. Washington defeated Los Gatos 20-12.

So, if comparative scores mean anything, the game this evening should be a game worth watching.

IRVINGTON TEAM TAKES GAME 11-1

The Irvington Merchants baseball team gave the United Auto Workers of Oakland a decisive beating last Sunday on the Irvington school diamond, the game ending 11-1.

Irvington scored two runs in each of the first two innings. The next three were blanks. Then in the sixth Ralph Chapman hit a three-bagger with 2 on, with 5 hits netting 5 runs in this inning.

Pitcher J. Garcia made the near shut-out. Two walks in the ninth accounted for the Auto Workers' one run.

Two-base hits were made by T. Garcia, P. Faria, and S. Roderick.

HALFBACK DICK BROWNLEE of the Washington Huskies made a nice gain against San Jose Tech last Friday evening on the local gridiron as pictured above. In this march, which resulted in a touchdown, would-be tacklers meant nothing to Brownlee. Right Half Joe Sankene, below, chalks up a nice gain for the Huskies. Day is taking out San Jose's No. 14. STARS LOSE 13-7 TO CASTLEMONT

The Washington Stars, W.U.H.S. alumni football team, came out on the short end of a hard-to-lose game last Sunday against Castlemont in Oakland. The score was Washington 7, Castlemont 13.

The first quarter, which ended scoreless, was all Washington's. Alex Bernard returned the opening kick-off to midfield. After that the ball never returned to Washington territory. Ball carriers Bernard, Weldon Pine, Eldon Mohn, Ruben Ramos and Milt Mohn kept Castlemont well in the hole. Bernard's passes to Flash Furtado, Horky Freitas, Harold Alameda and Norvel Peixotto worked well but not quite to the scoring point.

CASTLEMONT SCORES

In the second, Castlemont climaxed a 49-yard drive with a pass, Silva to Hoffman, for the game's first touchdown. The conversion was good.

Just before the half ended a 4-yard plunge by Merlino of Castlemont took the ball over for the second touchdown. The conversion was no good.

The third quarter was a seesaw affair, with some good kicking by Washington's Don Furtado and Bud Marshall. Once Marshall quick-kicked to Castlemont's 4-yard line.

WASHINGTON SCORES

In the fourth, Castlemont threatened with a down-field march that was stopped only on Washington's 13. Only two minutes remained in the game when Washington took over.

Bernard passed 20 yards to Milt Mohn, who raced 65 yards to the Castlemont two. Bernard hit center for one yard. On the next play he passed to Ruben Rodriguez in the flat for 6 points.

Eldon Mohn made the conversion good.

Final score: Washington 7, Castlemont 13.

Next week the Stars will be idle. On Sunday, Nov. 14, they will play Daly City at the high school gridiron in Centerville.

SPORTSMEN PLAN TURKEY SHOOT

Preparations for the Newark Sportsmen's Club turkey shoot to be held Sunday, Nov. 21, are well under way, according to Chairman E. J. Keener. Competition at trap-shooting, 22 and pistol, will be held, with hams awarded as prizes.

Serving on the committee with Keener are: Chris Mikkelsen, Sid Gaunt, Louis Smith, Frank Martin, and Manuel Amaral.

The club is also planning a dance to be held at the Newark Pavilion on Saturday evening, Nov. 27, with Buddy King's orchestra furnishing the music.

29 ATTEND GAME

"Hail, hail, the gang's all here" was only one of the songs sung by the Junior Patrol boys and Girl Scouts of the Alviso School when they went to the Stanford-Washington football game at Palo Alto last Saturday.

Accompanied by their principal, James Nunes, Mrs. Asta Petersen and Otto Olson, the 29 students making the trip had a wonderful time.

BLACK BASS FISHING

Black bass fishing has been fair lately in the waters of Napa County. Many anglers have been enjoying the sport.

SABINA WINS BASS DERBY

A 24-pound bass, caught at San Pablo by Ernest Sabina of Centerville, was the winning entry in the big Bass Derby which ended last Friday. A super-deluxe fishing rod was the prize.

Next in line was John Rectoro of Niles who hooked a 20-pounder at Rodeo and received a new reel. A third prize was presented to J. T. Bettencourt of Niles for his 17-pound bass, also caught near Rodeo.

Norbert George, sponsor of the derby, says that so much interest was aroused among township fishermen that it has been decided to stage the event annually.

Running from August through October, the contest ended with 12 contenders for the three top spots, and innumerable smaller entries.

NILES MERCHANTS DEFEAT ASHLAND

The Niles Merchants baseball team brought home a 7-5 victory last Sunday, copping the win from the Ashland Merchants.

The local team made 10 hits for their opponents' 7.

Jack O'Donald was star batsman for Niles. Three times at bat, he hit a homer, a triple and a single.

Niles led all the way, getting three runs in the first inning.

Joe Peters and Frank Lewis pitched.

PLUMAS COUNTY BEAR

Very few bear have been bagged so far this season in the Plumas County area. They are few and scattered and are hard to find.

SHE'S DONE IT AGAIN! Helen Carey, Niles' only woman bear huntress, came back from the mountains last week with her usual trophy. This year she bagged two of the beasts, the largest one weighing 500 pounds. They are shown in the food locker in Niles with Mrs. Carey's son, Bob, and Britt Topel. —Register Photo

HIGH CHATTER

By MARGARET COLE

Halloween has come and gone, praise be! Having gates torn off, windows broken, houses splattered with tomatoes, soap marks, and other evidences of the infantile urge to destroy is enough to add ten years to the age of a homeowner. In most cases, of course, the tricks were amusing rather than malicious. We know of at least one that boomeranged very neatly to the great disgust of Les and Duffie. Turnabout being fair play, we really cannot understand why they were so surprised to find their cars tastefully decorated. What upset them more than anything else was the fact that the "artists" had used Sweetheart soap rather than wax.

So long as we have inter-class contests, life will never be dull at Washington High. Feeling ran high toward the end of the Carnival Queen contest and when the Queen was crowned the Juniors breathed a sigh of gratification because it was their Queen, the popular and charming Charlene O'Brien, who held top honors. The Sophomores

ran a very close second, Seniors third and Freshmen trailing.

Of course, there are the weekly football contests and the Huskies are making a fine showing. We see no reason to believe that tonight's game with Mt. View will change the situation at all. Let's all be out there rooting for the team and buying our gum, hot dogs, candy, caviar and champagne from the Sophs.

Never was a speaker more deserving of the "straight six" given Robert Edgar by the Student Body at last Monday's National Assembly. With his fascinating models and the simple clarity of his lecture, he made the science of astronomy alive and absorbing. It's remarkable that he could awaken the interest of and hold spell-bound for more than an hour a large audience, most of whom had no more than the most elementary knowledge of the subject. Hope we can have him back again.

The Theta Rho Girls Club is planning to enlarge its membership. If any of you girls would like to join, why not talk things over with one of the present members. Members attending Washington High are Shirley Neighbors, Margaret Cole, Lenore Lammi, Charlene O'Brien, Barbara Neighbors, Joan Periera, Helen Gastleman, Gerry Miller and Vivian Pine.

Under the head of extra-curricular activities there's the business of Alma Clark's shoe, which was misplaced (?) in study. If it hadn't been for the chivalry of certain sterling characters (who probably took the shoe in the first place), Alma would have been forced to hop through the rest of the day.

It has been suggested that we use this column to stimulate an interest in the finer things of life, so, for what it's worth, we pass on to you this gem. Translated from the original Greek by someone who should have known better, it goes:

"A famous bird is the pelican. His beak holds more than his belican. He can take in his beak enough food for a week. Though I'm darned if I see how the helican."

STUDENTS TO HEAR UNUSUAL PROGRAMS

Outstanding entertainment was selected by members of the Student Council for two "paid" assemblies held at Washington Union High School.

Last Friday, Robert Gordon Bruce, well-known tenor, presented a varied program, accompanied by Mr. Dale Sandifur, pianist. Bruce comes from Berkeley and has gained popularity throughout the bay area for his church and concert work.

Following his songs, Mr. Bruce spoke briefly on "Your Music Education."

"The Cyclops of Palomar" was the subject of Monday's assembly, and was presented by Robert Edgar, a young Australian whose father worked on the intricate mounting of the world's largest telescope. He illustrated his lecture with charts, pictures and a working model of the 200-inch Palomar "eye."

These programs are two of a series which have been chosen by the student representatives, and are financed from student body funds.

COUNTY SPEAKER FOR NEWARK P.T.A.

By Bette Cotter

Miss Dahl from the county office was the speaker at the last Newark Parent-Teacher Association meeting. She discussed school curriculum, particularly the new school reading program. She showed the latest film on teaching arithmetic through visual education. This method is new and has never been tried before.

Mrs. Springer was nominated as membership chairman and the following mothers were put in her charge to help on the membership drive: Mrs. Robert Lloyd, kindergarten; Mrs. John Kellman, first grade; Mrs. Raymond Bernardo, second grade; Mrs. Kenneth Spence, third grade; Mrs. Joe Soito, fifth grade; Mrs. Arthur Kempleman, sixth grade; Mrs. Donald Haines, seventh grade; and Mrs. Richard Mikell, eighth grade. The fourth grade mother has not yet been nominated.

CLOTHING DRIVE PLANNED BY P.T.A.

Plans for an old clothing drive to start the week of November 15 were made at a regular meeting of the Irvington P.T.A. Thursday, with President Madeline Haynes presiding. Notices about the clothing collection are being sent to parents of Irvington school children by Principal Gus Robertson. Miss Irma Bond, seventh grade teacher and membership committee chairman, reported that the group now has 250 members.

CYCLIST HITS PEDESTRIAN

The "innocent bystander" got roughed up a bit in a motorcycle-pedestrian crash on the Decoto-Hayward highway last week. Bill Willey of Hayward, astride his cycle, ran down Robert O'Day of Richmond, who was crossing the road. Result: cuts and bruises for Willey, with possible internal injuries for O'Day. Both were taken to Fairmont Hospital by the Dallas Paul ambulance service.

SCHOOL STAGES MOCK ELECTION

Seventh and eighth grade students at Centerville Elementary School "voted" Tuesday for Gov. Thomas E. Dewey or President Harry S. Truman as their choice to head the United States for the next four years.

The students went through a regulation registration procedure, studied the standard sample ballots, and heard the speeches of their fellow classmates on the pros and cons of both the Democratic and Republican platforms.

On the day of the mock election, the classes were divided between two elections boards, modeled after those maintained by their elders.

Chairman of registration and balloting arrangements was Ed King, aided by Marlene Roche, Eva Cassignani and Russell Hayes.

The unusual classroom election study was taken up under regular social studies of the electoral college, the two-party system and our departmental form of government.

The Marlo Packers of Decoto outplayed Pacific States Steel last Sunday afternoon in a ball game at Centerville, the score: Marlo 10, Pacific States 3.

Right Fielder P. Marcus came through with a home run for Marlo. J. Sanchez for Marlo and Senford for Pacific States Steel hit three-baggers.

In the oven . . . in a jiffy!

Getting a turkey ready to roast used to be more trouble than getting Junior ready for school. It used to be, we mean. Now, using the oven-ready kind of turkey you'll find at Safeway, the job's a cinch.

These turkeys are really clean! Hardly a pin-feather to pick. No singeing to do. No cleaning left to do inside—the turkey is completely ready for stuffing.

The birds are selected from finest flocks—fed to produce tender, sweet meat. In plants as spotless as your own kitchen they are cleaned and dressed under careful supervision. After each bird is drawn, it is thoroughly washed inside and out with a high-pressure stream of water. Nothing is left in or on the turkey to mar the fresh, sweet flavor of the meat. Quick-freezing seals in the natural goodness—keeps it in. An individual package protects your turkey from the plant to your home.

TEACHERS URGED TO ATTEND MEETING

School teachers, trustees, principals, and superintendents of Washington Township are urged to attend a meeting of the California Teachers Association next Tuesday at the Bret Harte School in Hayward.

Those who have arranged the program, which will feature a discussion of finance for schools, stress the importance of having as many school heads as possible at the meeting because of its extreme importance.

The first session will last from 4 to 6, with an additional session following dinner. Speaker of the evening will be the well-known Dr. Oscar Anderson.

NILES SHOPLIFTER

(Continued from page 1)
paying guest at this hostel.

The inventive Mr. Pulido will make a public appearance this afternoon (Friday) at the Niles Justice Court to explain his ingenious "system." He is, incidentally, charged with petty theft.

Mrs. Roy Moser, clerk at the Niles Super Market, whose quick thinking trapped the crafty thief, now looks suspiciously at all customers whose figures seem to bulge in the wrong places. She had been suspicious of Pulido for several days, as articles in the market had made a strange disappearance after each visit he paid the store.

At his last visit, she phoned Veraval immediately, from the upstairs phone so the culprit wouldn't know what she was doing. The deputy arrived immediately and trapped the thief with "the goods," which consisted of several choice steaks cannily hidden beneath a loose sweat shirt.

CUB SCOUTS ORGANIZED IN CENTERVILLE

The Centerville Cub Scouts, sponsored by the Centerville Elementary School P.T.A., have been organized for the present school year and regular meetings have started.

Members of the committee are: Allan Walton, chairman; Richard Mendonca, secretary; George Rodrick, treasurer; Tom Maloney, advancement; Manuel Silveira, Cubmaster.

Den mothers are Mrs. Ken Pettibone, Mrs. Paul Simpson, Mrs. Nick Lewis and Mrs. Warren Gravestock. Additional den mothers will be added in the near future.

JUNIOR TRAFFIC

(Continued from page 1)

The regular and reserve ranks of the Irvington Patrol are on duty, under the leadership of a sergeant. This quartet mans the crosswalks in front of the school in the morning, at noon, when the kindergarten and first graders leave at 2:30, and with the general adjournment of classes at 3:30. Patrol assignments are rotated among the 42 members until all have participated.

From within the patrol three officers are elected each term by the boys to head the group. This year "Junior" Coronado is captain with student body president Paul Thomsen as his first lieutenant and Howard Chitwood for second lieutenant.

Duties of the Irvington Patrol are limited to traffic work, and Principal Robertson says that for 10 years the plan has given very adequate service to the school.

MONITORS USED

Due to the location of the Niles Elementary School, at the end of relatively untraveled residential streets, there is no necessity for an actual traffic patrol and a majority of the school's pupils are brought to class and taken home on school buses.

However, E. Dixon Bristow, Niles principal, has organized a branch of the student council which supervises safety regulations around the playground, and in school hallways, rest rooms and the cafeteria.

These "monitors" at Niles are volunteers from the top three grades who officiate only during the "free periods" of the school day. They also guide any visitors around the grounds and buildings, and assist in getting the various classes to the auditorium on assembly days.

NEWARK TEACHERS ATTEND MEETING

"A dynamic and alert teachers' association in every community" was the theme of the Northern Division conference of the California Teachers' Association at Asilomar last week.

Miss Mary Shay, vice-principal and first grade teacher, and Mrs. Rose Moose, eighth grade teacher, both instructing at the Newark Grammar School, attended as official representatives.

Three hundred and fifteen educators present at the convention heard an address on the above subject by Dr. Rex Turner, assistant superintendent of the Oakland Public Schools and vice-president of the CTA Bay Section.

Miss Shay and Mrs. Moose attended panel discussion groups on "The local teacher group in public relations," and "The role of the Teachers' Association in rural communities."

CARD OF THANKS

We wish to extend our sincere appreciation for the many beautiful floral tributes and notes of sympathy extended in our bereavement at the passing of our mother, Mrs. Mary C. Belshaw.

CANYON HEIGHTS

By MARGARET COLE

GREAT PARTY

A most successful affair was the Halloween party given last Sunday night for the children of the community. Designed as a substitute for the usual "trick or treat," it enabled Canyon Heights to survive Halloween with a minimum of scars. The children had great fun with games, races, apple-bobbing, the costume parade and plentiful supplies of cakes, candy, soft drinks, marshmallows and a big bonfire. The costumes were many, varied, and in most cases strikingly original. The judges (those residents without children) were unanimous in awarding first prize to Carmen Miranda, or rather, Ronnie Dennis, who was ravishing in ruffles, turban and high heels. The space at our disposal will not permit of a detailed description of the prize-winning costumes, so we'll just extend congratulations to the long-faced witch, the clown, the forty-niner, the little Spanish Don and others. Congratulations too, to the small, hardy group of mothers who engineered the program. Shed a tear for Robert and Marshall Matthews who weren't able to attend the party. Chicken-pox!

OFF TO IDAHO
Bill Johnson, son Johnny, Bill's brother, J. R. with wife Myrtle took off for Idaho last week-end on a visit to Bill and J. R.'s mother.

LOOKING AROUND

Mr. and Mrs. Ben Carver have as their houseguest, Mrs. Maude Litz of Glendale, Calif. Mrs. Litz will stay here about two weeks this time but hopes to move up here permanently in the near future.

BROTHER VISITS

The Stangers had a pleasant week-end with guests from Idaho. Mr. Stanger's brother, C. C. Stanger with his wife, arrived from Hagerman, Idaho, as did Mr. and Mrs. J. Hill and daughter, Georgia, of Wendell, Idaho. Mrs. Hill is a sister of our own O. B. Stanger. The Hills left Sunday for Richmond where they will visit other relatives.

MURPHY'S MOVE

We shall miss the George Murphys and children who have vacated their house on Canyon Heights Drive to move to Sonoma, near Twain Harte. Former Canyon Heights residents, the Osborne and McGowan families live in Twain Harte.

The Murphy house has been taken over by Mr. and Mrs. J. C. (Dutch) Grazer and daughter, Jacqueline. The Grazers are not strangers to Niles, having lived downtown for some time.

up Yosemite way last week-end. In their heavily loaded, new, red (but flashy!) jeep, they encountered snow and more snow, and were forced to use as their road an old railroad track which only a jeep could survive. Great fun, though!

RED FACES

The McKiernans, in spite of you know what and high water (literally), are determined to have a fence around their backyard. With the digging of the first post hole a water main was pierced and for three hours a rushing torrent cascaded down the hill to the great embarrassment of all concerned.

Life has its compensations, however, for that same night Dorothy's mother and father, Mr. and Mrs. Wm. G. Kruger, arrived from Chicago. They're resting now after a record-breaking four-day drive complicated by snow on the Donner Pass.

VIDEO SHOW

On hand at the St. Francis Hotel in San Francisco Monday evening to view a television show were Mr. and Mrs. Jaden, Mr. and Mrs. B. J. Langer of Canyon Heights, and Mrs. Fitzhugh of Irvington.
